1. Execute the HOME Consortium Lender Participation Agreement to enroll.
2. Return the executed Agreement to Waukesha County.
3. There is no fee to participate in this program, however there is a **\$200** processing fee for each DPA loan closed. This fee cannot be passed on to the borrower.

Reserving Funds

1. Lender will qualify the home buyer(s) according to the Program Guidelines which include:
 - a. Household income – total household income cannot exceed 80% of county median income adjusted by household size. (See Household Income Calculation section below)
 - b. ITIN holders must sign the Qualified Alien Submission Form and provide the lender with the required documentation of immigration status. The lender must provide this information to Waukesha County prior to closing.
 - c. First mortgage programs – eligible first mortgage programs include Conventional (fixed or adjustable rate), Fannie Mae, Freddie Mac, WHEDA, Federal and State VA, USDA Rural Development, Habitat for Humanity and FHA. The interest rate must be locked for at least 5 years and the loan term must be at least 5 years. Interest only mortgage are not eligible.
 - d. Property types – only one-unit properties are eligible. This includes single family attached or detached and condominium properties.
 - e. Purchase price – eligible properties are subject to purchase price limits by county.
 - f. County – property must be located in Jefferson, Ozaukee, Washington or Waukesha County. See Eligible Areas sheet for exceptions.
 - g. Debt Ratios – Front-end (housing) ratio minimum of 18%. Back-end (total debt) ratio maximum of 50%.
 - h. Reserving Funds – There must be an accepted offer to purchase prior to reserving funds.
2. Voluntary Acquisition – This form must be provided to the seller at the time the offer to purchase is made. The form notifies the seller that if the sale does not go through, their home will not be acquired by the HOME Consortium (or the home buyers) by eminent domain. This form is used to satisfy the requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act (URA). A copy of the completed form should be provided to us with the reservation materials.
3. A Lender who has identified a qualified HOME Consortium DPA home buyer will complete and email all the documentation listed on the Reservation Checklist to Waukesha County.
4. Waukesha County will review the reservation materials and will contact Lender regarding initial approval/disapproval of DPA loan. (Carrying out this step before closing ensures that errors in the income calculation will be caught before closing. Identifying an error in income compliance after closing may prohibit the lender from receiving these funds for that transaction.) This process should be completed by Waukesha County within 5 business days of receipt of all required documentation. A Loan Approval Letter will be sent to the lender upon completion of the income verification. If the first mortgage amount changes, the lender must report the change to the Administrator in writing for approval.
5. Funds can be reserved for a maximum of 90 days. Lenders should contact Waukesha County if an extension is required.

Lead-Based Paint Disclosure

The DPA program is funded with federal funding through the U.S. Department of Housing and Urban Development. A requirement of receiving federal funding is that the home buyer be provided with information about lead-based paint and/or lead-based paint hazards. For all homes built prior to 1978 the lender will ensure the home buyer signs and returns a lead-based paint disclosure form and pamphlet. The home buyer must initial, sign and date the disclosure form. The household cannot receive HOME DPA funding unless the disclosure form is completed and returned.

Household Income Calculation

1. Income must be calculated based on HUD's Part 5 Definition. Below is a summarized description of this method, please see the Income Guidelines for more detailed information:
 - a. Income eligibility is based on anticipated income over the next 12 month period.
 - b. Included in income are wages, business income, interest & dividend income, retirement & insurance income, unemployment & disability income, welfare assistance, alimony, child support & gift income, and Armed Forces income.
 - c. Source documents include wage statements, interest statements, unemployment compensation statements, child support statements, bank statements, etc. For self-employed home buyers, two prior year tax returns and a year-to-date income and expense statement will be required.
2. As stated above, income will be verified by Waukesha County prior to closing.

Home Buyer Counseling

1. One-on-one counseling with a HOME Consortium-approved counseling agency is required for all home buyers. There is no cost to the homebuyer for this service.
2. In order to receive reimbursement for the DPA loan funds advanced at closing, the Lender must include the Certificate of Achievement that the Lender receives from the counseling agency upon completion of counseling with the closing documents sent to Waukesha County after closing.

Housing Inspection

1. A home inspection is required for all properties receiving HOME Consortium DPA funds. (The only exception to this requirement is if the property is new construction, then no inspection is required. The Lender should tell Waukesha County if the property is new construction.) The property must pass the HOME Consortium Code Requirements Inspection to qualify for the DPA loan. The inspection can only be completed by the HOME Consortium-approved Inspector, White Glove Home Inspections, LLC.
2. After the household income is verified, Waukesha County will notify the Lender regarding the initial approval of the DPA loan.
3. Waukesha County will notify the Inspector who will schedule the inspection. The inspection will be completed within 10 days of notification.
4. Upon receipt of the inspection report, Waukesha County will email the Inspection Outcome sheet to the Lender. If the property does not pass the inspection the DPA loan application will not be approved. The home buyer can either repair the deficiencies or apply for the Purchase/Rehab Program, with which they can receive up to \$14,999 as a deferred loan at 0% interest to use towards the repairs found by the Inspector.
5. If the deficiencies that caused the property to fail the inspection are corrected, the property will need to be re-inspected by White Glove Home Inspections, LLC.
6. Waukesha County will notify the Inspector who will schedule the re-inspection. The re-inspection will be completed within 10 days of notification.
7. Upon receipt of the signed Inspection Outcome sheet, Waukesha County will email the outcome sheet to the Lender. The DPA loan will not be approved unless the deficiencies were corrected and the corrections were acceptable.

Closing

1. At closing the following DPA documents must be executed:
 - a. Certificate of Borrower Eligibility – signed by Borrower(s) and Lender
 - b. Mortgage for DPA loan – Lender is named as Mortgagee
 - c. Assignment of Mortgage for DPA loan – Waukesha County is named as Assignee
 - d. Mortgage, Retention and Subordination Agreement – **FOR FHA LOANS ONLY**. This form replaces the Mortgage and Assignment (above) when the first mortgage is an FHA loan.
 - e. Grant Agreement – Lender is named as Grantor
2. Cash Back Policy – Home buyers should not receive cash back at closing except to reimburse them for expenses they paid prior to closing. Examples of eligible cash back are earnest money, application fee, appraisal fee, credit report, first year hazard insurance, etc. These amounts should be shown as POC on the HUD-1 Settlement Statement.

Submitting the Closed Loan Documents for Reimbursement

The following closed loan documents must be submitted to Waukesha County within 2 weeks after closing in order for the Lender to be reimbursed for DPA funds advanced at closing:

1. Closing Checklist
2. Certificate of Borrower Eligibility
3. Closing Disclosure (DPA loan should be shown as "HOME Consortium DPA")
4. Executed DPA Mortgage (recorded mortgage or certified copy)
5. Executed Assignment of Mortgage (recorded assignment or certified copy)
6. Executed Grant Agreement
7. Home Buyer Counseling Certification
8. Processing fee of \$200 payable to Waukesha County

Waukesha County will submit all complete files for funding within one week of receipt. The reimbursement process generally takes 1-2 weeks.

Servicing

Servicing of the DPA loan will occur when the property is sold or transferred, when the first mortgage is refinanced, or in the event of a foreclosure. When the need for servicing arises Waukesha County will provide the satisfaction, payoff or subordination documentation to the appropriate parties (the Lender, title company, etc.).

Recapture

In the event of a voluntary or involuntary transfer of the property during the applicable period of affordability, Waukesha County will recapture all or a portion of the direct subsidy provided to the homebuyer. This direct subsidy is provided as down payment assistance in the form of a deferred 0% interest loan. The loan will be forgiven pro-rata over the period of affordability (20% each year over 5 years), as long as the home remains the principal residence of the home buyer. If the net proceeds from a voluntary or involuntary sale are insufficient to repay the prorated amount of the HOME subsidy, Waukesha County shall recapture the balance due on the loan or 100% of net proceeds from the sale, whichever is less. If there are no net proceeds from the sale, no repayment is required. Net proceeds is defined as the sales price minus superior loan repayment and any closing costs incurred by the homebuyer.

Refinancing

If the home buyer decides to refinance their first mortgage or take out a second mortgage for home improvements, Waukesha County is to be notified to determine whether the DPA loan will be subordinated to the new mortgage or whether the home buyer must repay the DPA loan. Items we will look at to determine whether subordination is a possibility are:

1. Letter from the home buyer requesting the subordination and explaining why they want to refinance (for example, interest rate reduction) or take out a second mortgage (for example, home improvements)
2. Copy of current title
3. Loan to value ratio (must be at least 80% if DPA loan is in 3rd position)
4. Cash out refinance (must be for home improvements and the funds must be escrowed by the lender)
5. Current appraisal report

ANTI-PREDATORY LENDING POLICY

The HOME Consortium works to increase the provision and accessibility of quality, affordable housing. Establishing fair, responsible lending standards is an important component of this goal. The anti-predatory lending policy described here ensures that borrowers are not subject to undue financial burden or unreasonable terms as a result of their loan.

First mortgage loans that are supported by funds provided by the HOME Consortium must comply with these minimum responsible lending requirements:

- Interest rates charged to borrower may not exceed 2 percentage points above the WHEDA Conventional and FHA-Insured rates.
These rates are available by contacting a participating WHEDA lender.
- The interest rate must remain fixed for at least five years
- Loan term (retention period) must be at least five years
- No interest-only loans
- Borrower's total debt-to-income ratio may not exceed 50%
- Points and fees charged in connection with the loan will not exceed 5% of the total loan amount
- No prepayment penalties

In addition to the requirements listed above, lenders and lending policies must not employ overtly predatory practices including, but not limited to:

- Making loans based predominantly on the foreclosure or liquidation value of a borrower's collateral rather than on the borrower's ability to repay the mortgage according to its terms
- Inducing a borrower to repeatedly refinance a loan in order to charge high points and fees each time the loan is refinanced ("loan flipping")
- Engaging in fraud or deception to conceal the true nature of the mortgage loan obligation, or ancillary products, from an unsuspecting or unsophisticated borrower

Income Calculation Guidelines

Determining Household Income Eligibility

The HOME Program regulations require that the income of all household members age 18 and older anticipated to be received in the coming 12-month period be included in the determination of annual income. Income includes household income (such as wages, SSI, etc.) and income from assets (such as interest on bank accounts, retirement accounts, etc.).

Eligible households must have annual incomes of less than or equal to 80% of the area median income for the county in which the home purchased will be located, adjusted for family size. (See Income Limits sheet.)

Lenders will have to submit the following documentation to Waukesha County at the time of reservation:

- 1) Reservation Form
- 2) Subsidy Layering Worksheet
- 3) Income Calculation Worksheet
- 4) Income documentation for all sources of income

Determining Whose Income to Count

Lenders must count the income of all persons age 18 and older residing in the households, including nonrelated individuals. Do not include income of the following household members – foster children, live-in aides (and their children), unborn children, and children being pursued for legal custody or adoption who are not currently living with the household.

Income from certain groups of people requires special consideration when calculating a household's annual income. Those groups include:

- Temporarily absent family members – income is counted
- Permanently absent family members – income is only counted if the head of household chooses to count person as a member of the household (such as a spouse in a nursing home)
- Adult students living away from home – first \$480 of the student's income must be counted in the family's income. (The \$480 limit does not apply to a student who is the head of household or a spouse. When this is the case, their full income must be counted.)

Please review Appendix A and Appendix B for all inclusions and exclusions.

Gathering Income Documentation

Lenders will need to provide income documentation for each source of income identified on the Income Calculation Worksheet. The preferred income document of choice to confirm employment income is the Fannie Mae Request for Employment Verification (VOE) form. Best efforts must be made to obtain this form. However, if unavailable, two months of recent pay-stubs can be used. These pay-stubs must be consecutively dated. Only one or the other type of employment income document is required, not both. If the household member holds more than one job; the lender will have to obtain more than one verification document.

For non-employment income sources, the household member will need to provide documentation to confirm the periodic payment and how often it is received.

For business income (self-employed household member), the household member will need to provide a YTD income statement or schedule of receipts and the IRS's Schedule C form or the equivalent from the household member's two most recent tax returns.

For income from assets, the household member will need to provide recent bank statements*, retirement statements, mortgage statement and most recent property tax bill.

*Please note that six months of checking account statements will need to be provided. One current statement is required for savings accounts.

Anticipating Income

A "snapshot" of the household's current circumstances will be used to project future income. The sources of income to be counted will be those identified on the Income Calculation Worksheet. The lender should use the information contained in the source documents to perform the calculation. Income amounts used in the calculation should be on a pre-tax basis and include any allowable pre-tax deductions such as 401K contributions or health insurance premiums.

1. Employment Income

Gross earned income is defined as the full amount (before any payroll deductions) of all wages and salaries, overtime pay, commissions, fees, tips, bonuses and other compensation for personal activities.

- **Hourly Wages**

If using a VOE, the average hours and hourly wage should be expressed as finite numbers. However, if the average hours are expressed as a range, the high end of the range must be used in the calculation. If the average hours are not provided, the lender should make best efforts to have the VOE completed accurately. The default for average work week hours will be 40, if not documented on the VOE.

If using pay-stubs, take the average of all hours indicated on the two months of recent pay-stubs. These pay-stubs must be consecutively dated. Carry out the average hours to the second decimal place. Example – Average hours 43.565, use 43.57 for average hours.

In order to determine an hourly wage, if not disclosed, annualize the gross base pay amount, and divide the annual amount by the standard 2,080 annual work hours. If a monthly wage is disclosed, multiply by 12; if weekly, multiply by 52; bi-weekly, multiply by 26; bi-monthly, multiply by 24; and annually, multiply by 1. Take the result and divide by 2,080 to get the hourly wage. The resulting hourly wage should then be used in the income calculation. If the hours aren't disclosed, the standard 40 hours should be used.

- **Bi-Monthly Pay Schedules**

If a household member is paid on a bi-monthly basis, project the estimated earned income for the year by using the bi-monthly pay times 24 pay periods. Typically a bi-monthly earner is paid twice a month on the 15th and 30th of each month.

If using paystubs, and only a bi-monthly wage is given, with no other information about hourly wages or hours, use the bi-monthly wage given and project forward for 12 months. If, however, the pay-stub discloses hours per pay period, hourly wage, and other income, then you must determine the average hours based on the bi-monthly pay period.

- **Salaried Workers**

If the VOE or paystub clearly indicates the individual is on salary and provides an annual salary amount, use this amount as the annual income. To this amount add any additional non-salary income such as bonuses, commissions, tips, etc.

- **Seasonal Workers**

A VOE will be required for seasonal workers. The employer should document on the VOE the seasonal nature of the employment and expected employment schedule. The employer should also indicate whether unemployment is available during the off season. Use the standard calculation guidelines to determine annual income, while discounting the amount for off season time. However, be sure to include any unemployment compensation the household member has or may receive during the off season. The 40-hour standard work week will not apply to seasonal workers. The number of hours listed on the VOE will be used instead.

- **Other Compensation**

If other compensation is customary for the position, this should also be projected for the next 12 months. Add that result to the annual income from employment.

- **Position <1 Year**

If the household member has been in their current position less than one year, it is not necessary to confirm the earnings from the prior employer. Earnings from the current employer will be projected for the next 12 months.

2. Non-Employment Income

For other income received on recurring or periodic schedules, calculate the annualized amount by taking the periodic amount times the number of periods in the year. For amounts that vary, use an average of the amount earned to date and project forward. Examples of this type of income include Social Security, annuities, pensions, disability compensation, etc.

3. Business Income

The net income from the operation of a business or profession must be calculated. See Appendix A Category 2 for what is to be included in the income calculation. The household member should be prepared to supply an income statement or schedule of receipts for this purpose. The IRS's Schedule C form or the equivalent from the household member's two most recent tax returns will also be needed. Future earnings will be based on the monthly average of the net income from the two most recent years.

If the household member has less than two years of self employment history, the monthly average of net income will be based on the number of self employed months including those in the current year.

In cases where a business is started in the same year as the year of qualification, the YTD net income should be projected forward for 12 months. However, if the YTD figure is negative (net loss), the net loss will not be counted or projected forward.

Treatment of Assets

1. What Should Be Included as an Asset?

An asset is a cash or a non-cash item that can be converted to cash. When including assets in the annual income calculation, it is the **income earned from the asset that is counted**, not the value of the asset.

Please review Appendix C and Appendix D for all asset inclusions and exclusions.

2. Determining Asset Income

Actual income generated by the asset, such as the interest on a savings or checking account, should be included in the annual income. This income is counted even if the household elects not to receive it. For example, though a household member may elect to reinvest the interest or dividends from an asset, the interest or dividends are still counted as income.

When a household member has a checking account that earns income, to avoid counting monthly income as an asset, an average monthly balance over a six-month period should be used as the cash value of the checking account.

Determining Asset Income – Assets with Little or No Income

It is assumed that a household with assets has an increased payment ability, even if the assets do not currently produce income (e.g. a household may own land that is not rented or otherwise currently used to produce income).

Rather than require the household to dispose of the property, it is required that an "imputed" income be calculated based on a Passbook Rate (2%) applied to the cash value of all assets. This rule only applies if the total cash value of all assets is more than \$5,000.

Example

The Smith family has \$6,000 (average balance over six months) in a non-interest-bearing checking account. The annual income would include an amount based on the Passbook Rate. The calculation would be: $\$6,000 \times .02 = \120

Assets Sold Below Fair Market Value

Household members who dispose of assets for less than fair market value have, in essence, voluntarily reduced their ability to afford housing.

- a. It is required that any asset disposed of for less than fair market value during the **two years preceding** the income determination be counted if the household still owned the asset.
 - o *Fair Market Value* is the value of an asset on the open market in an "arm's length transaction."
- b. Each household member must certify whether an asset has been disposed of for less than fair market value during the two years preceding the income determination.
 - o Assets disposed of for less than fair market value as a result of foreclosure or bankruptcy are not included in this calculation.
 - o In the case of disposition as part of a separation or divorce settlement, the disposition will not be considered to be less than fair market value if the household member receives (or received) important consideration not measurable in dollar terms.
 - o The amount that will be included as an asset for purposes of calculating annual income is the difference between the cash value of the asset and the amount that was actually received (if any) in the disposition of the asset.

Example

Mr. Jones "sold" a piece of property to a family member for \$30,000 on July 1, 2014. The home was valued at \$75,000 and had no loans against it.

Market value	\$75,000
Less settlement costs	(3,000)
Less sales price	<u>(30,000)</u>
Cash value to be considered	\$42,000

The \$42,000 would be counted as an asset for any income documentation conducted until July 1, 2016. This amount would be combined with the cash value of other assets (if any), and an imputed income calculation would be required.

3. Computing the Value of Assets

Only the cash value (rather than the market value) of an item is counted as an asset. An asset's cash value, however, is the market value less reasonable expenses required to convert the asset to cash, including:

- Penalties or fees for converting financial holdings, such as penalties charged for premature withdrawal of a certificate of deposit, the transaction fee for converting mutual funds to cash or broker fees for converting stocks to cash; and/or
- Costs for selling real property, such as settlement costs, real estate transaction fees, payment of mortgages/lien against the property and any legal fees associated with the sale of real property

If an asset is owned by more than one person, the asset must be prorated according to the household member's percentage of ownership. If no percentage is specified or provided by state or local law, the asset must be prorated evenly among all owners. If an asset is not effectively owned by an individual, it should not be counted as an asset in the annual income.

In the event of foreclosure, Mortgagee shall be entitled to elect to proceed under the accelerated redemption periods of Section 846.101 or 103, Wisconsin Statutes.

RETENTION AGREEMENT

Mortgagor's purchase of the Property was partially funded with proceeds from an U.S. Department of Housing and Urban Development HOME Program loan from Mortgagee in the amount described above ("HOME DPA Forgivable Loan"). Under the regulations of the Waukesha County HOME Consortium, Mortgagor's receipt of the funds are conditioned on Mortgagor's agreement to restrictions on Mortgagor's ability to sell or refinance the Property, for the purpose of ensuring that the funds are used for the purchase of housing which is retained as Affordable Housing for at least five years from the closing date ("Retention Period"). In addition to the HOME DPA Forgivable Loan, Mortgagor obtained a mortgage loan from _____ ("Lender"), which loan is secured by a first mortgage lien on the Property. Accordingly, Mortgagor agrees:

1. Mortgagor shall use the HOME DPA Forgivable Loan to fund costs associated with the Property.
2. Such HOME DPA Forgivable Loan may be retained by Mortgagor without any obligation to repay the HOME DPA Forgivable Loan except as specifically provided in this Agreement.
3. Mortgagee and Lender must be notified of any sale or refinancing of the Property that occurs prior to the end of the Retention Period.
4. Except as set forth herein, if Mortgagor sells, refinances or vacates the Property, Mortgagor must repay to Mortgagee all or a portion of the HOME DPA Forgivable Loan, determined as follows: an amount equal to the HOME DPA Forgivable Loan, less a deduction of 20% thereof for each full year Mortgagor has owned, resided in and maintained the Property as their primary residence, commencing with the date of the HOME DPA Forgivable Loan.
5. If Mortgagor sells the Property, Mortgagor is not required to repay an amount exceeding the net gain realized on the sale after deduction of sales expenses. Net gain is defined as the difference between your original purchase price and the price you as a seller receive for the property when it is sold, less your seller costs. Net gain will be computed by Mortgagee based upon its review of the appropriate H.U.D. Settlement Statements for the purchase and sale of the Property.
6. If Mortgagor refinances and the Property remains subject to the encumbrance created by this Agreement, then Mortgagor shall not be required to repay any portion of the HOME DPA Forgivable Loan.
7. The obligations to repay this HOME DPA Loan shall terminate upon foreclosure, deed-in-lieu of foreclosure or assignment of the insured mortgage to HUD.
8. The term Mortgagor shall include all Mortgagors whether one or more, and the provisions hereof for reimbursement shall not apply as long as any named Mortgagor continues to both own and occupy the Property.

SUBORDINATION AGREEMENT

Lender is Mortgagor's primary lender for Mortgagor's purchase of the Property, and is the holder of a mortgage against the Property recorded on or about the closing date. To induce Lender to advance funds under it mortgage, Mortgagee does hereby unconditionally subordinate the lien created by this Agreement to the lien of Lender's mortgage.

Grantor (Lender):
Grantee (Borrower):
(Co-Borrower):
Grant Amount: \$
Property Address:

This Agreement is executed by and between the above Grantor and Grantee.

WITNESSETH:

WHEREAS, Grantor is herewith making a first mortgage loan to Grantee to assist the Grantee to purchase a parcel of real estate more particularly described in the mortgage and located at the address shown above ("Property"); and

WHEREAS, to assist Grantee with the closing costs, homeownership counseling and/or down payment requirements associated with said loan, Grantor is advancing funds to Grantee under the terms of the HOME Consortium DPA Forgivable Loan Program; and

WHEREAS, under the terms of said program Grantee's receipt of the funds is conditioned on Grantee's agreement to restrictions on Grantee's ability to sell or refinance the Property, for the purpose of ensuring that the funds are used for the purchase of housing which is retained as Affordable Housing for at least five (5) years from the closing ("Retention Period"); and

WHEREAS, the parties intended to set forth the terms of Grantee's entitlement to such funds and corresponding obligation to reimburse Grantor for said funds in this Agreement.

NOW THEREFORE, in consideration of such grant the parties do agree as follows:

1. Grantor shall advance to Grantee the amount shown above ("Grant"), which amount shall be used to fund closing costs, homeownership counseling and/or down payment associated with the first mortgage loan being made by Grantor to Grantee.
2. Such Grant shall be deemed a grant to Grantee and shall not be considered a loan or extension of credit. Such Grant may be retained by Grantee without any obligation to repay such funds except as specifically provided in this Agreement.
3. Grantor or the HOME Consortium must be notified of any sale or refinancing of the Property that occurs prior to the end of the Retention Period.
4. Grantee shall be entitled to retain such funds provided the Grantee remains in both ownership and occupancy of the mortgaged premises for a period of five (5) years. In the event the Grantee terminates either ownership or occupancy of the premises within five (5) years, Grantee shall be required to reimburse the HOME Consortium an amount equal to the grant amount less a deduction equal to twenty percent (20%) thereof for each full year Grantee has owned and resided in the mortgaged premises, commencing on the date of the grant.

5. If Grantee sells the Property, Grantee is not required to repay an amount exceeding the net proceeds realized on the sale. Net proceeds are defined as the sales price minus closing costs and any non-HOME loan repayments. Net proceeds will be computed by Grantor based upon its review of the appropriate Closing Disclosures for the purchase and sale of the mortgage Property.
6. If Grantee refinances and the Property remains subject to the encumbrance created by this Agreement, then Grantee shall not be required to repay any portion of the Grant.
7. The obligations to repay this Grant shall terminate after the Property is foreclosed upon.
8. The term Grantee shall include all Grantees whether one or more, and the provisions hereof for reimbursement shall not apply as long as any named Grantee continues to both own and occupy the premises.
9. This obligation for repayment shall be secured by a mortgage executed by Grantee herewith, which is subordinate to the underlying first mortgage to Grantor.
